What is Wordsmith?

We are an AI platform for in-house legal teams.

The legal front door that does the work.

USED BY LEGAL TEAMS AT

Revolut · Trustpilot · Financial Times · BT · Canva · Deliveroo

Who we are.

We're all engineers.

Ash

Operations Engineer

Builds the systems and automations that keep Wordsmith running.

Eli

Product Engineer

Builds the features lawyers use in the Wordsmith platform.

Chapman

GTM Engineer

Builds the tools that take Wordsmith to market (GTM = go-to-market).

THE CHALLENGE

Make the most complicated end-to-end agentic ai browser-use workflow.

Does it have to be legal focused?

Ideally legally involved, but not required. Creativity required.

How we judge.

MAIN CRITERION

Workflow complexity

How complex a workflow your team managed to make.
